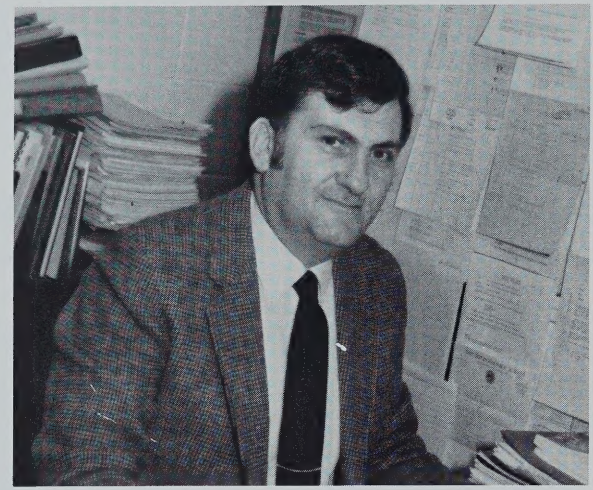
SCHOOL ADMINISTRATION



To the Class of 1984:

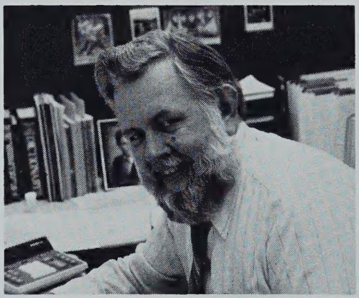
You have worked; you have striven for the best you could be; you have labored for knowledge; you have opened your minds to new ideas. You have done all this and succeeded.

Yet as you realize this, you realize that graduation is not an ending but a transition from one phase of your lives to another. I hope that the days you have spent in Mansfield High School may be the prologue for happy and fulfilling days yet to come.

Sincerely,

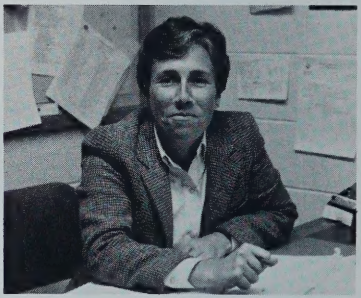
Robert V. Barbarisi
Superintendent of Schools

Dr. John Gorman



To the Graduating Class of 1984, I wish to offer my best wishes for the future. Twelve years of schooling is now completed and your education is about to begin.

Benjamin Hampton
Business Manager of Schools



"Best Wishes to the Class of 1984. Remember to use your minds and your hearts as you make decisions for yourselves that are respectful and caring. You are special.

Heather Champigny
Director of Pupil Personnel Services

PRINCIPAL

Dear members of the class of 1984:

Having compleated four years of high school, you are now ready to embark on a new journey. I'm confidant that the education you have acquired at Mansfield High Scool has adequately prepared you for the next phase of your life.

As the years pass and you think back on your high school days, I hope all the memories will be pleasant.

Edward A Rosa

ASSISTANT PRINCIPAL

To the class of 1984;

Besides the visual wishes of health, happiness, and success I offer you this:

Ninty-nine % of all things that consume us with anxiety never happen. The one percent that materializes will take care of itself in the long run.

Ray Smith

This year's football team under Coach George Kelly came in fourth place in the Hockomock League. with a 5 and 3 record while ending 6 and 4 overall. Many seniors returned from last year's team with valuable varsity experience. Mainly Qauterback Ron Sankey who started many games at the position in the 82 season and Co. captians Barry Perkins and Joe Dubeau.

The season started off well with three impressive victories at home over Hanover (26-16), Stoughton (28-12), and King Phillip (28-12). Then the hornets played their first away game under the lights at Franklin. The defending Hockomock League champions Franklin Panthers beat Mansfield. However Franklin's use of an ineligible player caused them to forfiet the game and the Hornets were still undefeated. Homecoming was next and the Hornets played a tough opponent in the Canton Bulldogs. With less than two minutes left, the Hornets drove 75 yards to score on a Ron Sankey pass to Bob Hindman and another pass to Chris Winslow to secure the lead on the point after. A non-league game against Rockland the following week gave the Hornets their first of the season. The next game was against rival Oliver Ames. After a long, hard hitting game Mansfield left the field with a heartbreaking 14-12 loss. Two home games followed with a 28-12 loss to North Attleboro and a large win over Sharon 32-6.

However, the season ended on a bad note with a 40-12 loss to the 1983 Hockomock League Champion Foxboro Warriors on Thanksgiving day.

CHEERLEADING

We would like to thank the 83-84 cheerleaders for a fine job this year. Throughout the fall and winter season's, they have supported Mansfield's teams with enthusiasm and a great deal of spirit. Much hard work and dedication lead "Our Girls" to a second place finish in the Hockomock League Competition.

Thank you

Just You And I

Just you and I
Sharing our love together
And I know in time
And we'll build the dreams we treasure
And we'll be all right
Just You and I

And I, remember our first embrace
That smile that was on your face
The promises that we made
And now, your love is my reward
And I love you even more
Than I ever did before

Just you and I
We can entrust each other
With you in my life
There'll never be any other
We'll be all right
Just you and I

Poem to the Seniors

Another year goes passing by
Another Prom is here
To some this brings a joyous smile
To others, brings a tear
For four years you have tread a path
From dawn to setting sun
But now the path gets steeper
And the climb is just begun.
We're very glad to know you
We'll miss you when you've gone
And to the Class of '84
We dedicate our Prom.

"ENDING IN 84"

Stephanie Campbell
Kevin Kelley
Fred Moriarity

The time has come to make a change, to rearrange,
So let's exchange a smile.
Let's take our time and think a lot,
Let's bow our heads and reminisce awhile.
When we see the future, we see an open door,
There's so much approaching, so much out there to explore.

The time has come to say goodbye,
But don't ask why, just realize it's true.
And everytime you back away,
Just understand there's something there for you.

Take a look around you and smile at a friend,
For today and always good things must have an end.
Before we meet our destiny,
Let's end our little melody with pride,
Remembering to reach our dreams,
And promising to take each day in stride.

When we see the future, we see an open door,
There's so much approaching, so much out there to explore.
Take a look around you and smile at a friend,
For today and always, good things must have an end.

MANSFIELD HIGH SCHOOL PHILOSOPHY

Our philosophy at Mansfield High School addresses a two-fold concern: first, what students should learn, acquire, and become for their sakes and for the sake of a democratic society; secondly, what the staff should do to discipline, educate, and inspire students for the good of all. The union of students and staff commitment to such concerns reflects the expectations set forth in our philosophy.

We acknowledge that a vital mission of our school is to help every student to appreciate his or her uniqueness, to realize the extent of his or her aptitudes and to discipline them to the fullest of his or her ability. Further acknowledging that learning has both an intrinsic and pragmatic value, we encourage students not only to be curious about themselves, but also to be aware of their world. Therefore, we expect our students to develop a sense of self-awareness as well as to get along with other members of society through the exercise of understanding, acceptance and tolerance. In order to meet these expectations, we provide a broad-based curriculum that allows students to mature physically, intellectually, aesthetically, and culturally.

In recognizing that our community — a community that is experiencing industrial growth and changing values — has an inherent stake in the educational process, we encourage an active partnership among home, school and community resources.

We believe that students and staff alike must nurture mutual respect and tolerance, must strive for self-discipline and compromise in order to make intelligent choices in preparing for the future. We believe that a student whose mind has been stimulated will continually enjoy the adventure and excitement of acquiring new skills, insights, and ideas; also, the student will benefit by effectively being able to handle the maze of real-life situations which confront him or her. Consequently, we envision our students making decisions that reflect their having realized both their abilities and limitations. As a result, the consequences of such decision-making will imbue them with pride of accomplishment.

MANSFIELD HIGH SCHOOL OBJECTIVES

To realize our philosophy, we identify the following objectives designed to meet the needs of our students:

1. To provide for the individual characteristics of each learner by supplying learning experiences that take into account the wide range of individual learning rates, interests, styles, abilities, and personal needs.
2. To provide career counseling, vocational planning and other programs which prepare students to enter the work force successfully.
3. To develop abilities in a student to make responsible choices for which he or she is accountable; to offer both curricular and extra-curricular opportunities whereby a student can encounter decision-making experiences.
4. To promote through a wide range of planned experiences the physical, social, cultural, intellectual, and emotional growth of each student.
5. To provide structured activities and classroom instruction which assist our students to take their place as responsible citizens in an ever-changing democratic society.
6. To present to the students both values and diverse value systems so that they will be able to select among them those which will be helpful to determine who they are, where they are going, and why.
7. To provide those learning experiences which motivate students to strive for accomplishment, to achieve maximum potential, and to recognize their limitations.
8. To stimulate an awareness in students of their need to survive future demands and challenges by stressing that education is a continuous process — one that should be an integral part of their life-time experiences.
